Dear Ms. Peters:

By letter dated August 13, 2008 I advised you that the Exchange had received a Form 8-A from Consonus Technologies, Inc. for registration of its common stock and the Exchange had approved the security for listing and registration upon official notice of issuance for IPOs.

Since then, we have been advised that the company wishes to withdraw its application to list the security on the Exchange. Accordingly, we hereby withdraw our earlier certification of approval.

Sincerely,

Gary Sundick
